

Mortgage Loan Processor

Rockford

Stillman Bank is a 138-year old independent community bank serving north central Illinois from six office locations in Ogle and Winnebago counties. We are looking for a Mortgage Loan Processor to join our real estate team in Rockford. This position ensures the timely, accurate and complete packaging of pending mortgage loan files by gathering and assembling required documents, then verifying and analyzing the data provided, to create an accurate financial profile of a mortgage loan applicant, prior to underwriting. The successful individual will preferably have attained an educational level or degree beyond high school. Previous experience working with residential mortgage loans or banking is strongly preferred. Solid computer software, math, analytical, organizational and communication skills are required. The job also requires good research and follow-up abilities, along with a detail-oriented nature. If you are interested in exploring this outstanding opportunity to join our highly-respected community banking organization, we would like to talk to you. For confidential consideration, employment applications are available on our website, www.stillmanbank.com, or respond with your resume and cover letter outlining your qualifications and compensation requirements to:
